Status	Released for production (fictional)

Revision history

Date	Change
02 March 2025	Initial specification
15 September 2026	Updated dimensional tolerance and drawing reference

Reassessment instruction

Use this file as the replacement for TC02_02_Product_Specification_RevA_WRONG.pdf. The revision mismatch should clear only if the platform correctly recognises and uses this replacement.

Testing note: This document is synthetic and created solely to test document extraction, evidence matching, status handling and reassessment. It must not be presented to a buyer, regulator, auditor or certification body.
